MVR Check and Point Structure System

MVR Check

If a potential employee will be required to operate an entity vehicle as part of his/her job requirements, an MVR check must be completed either by The Safety/Loss Control officer or the supervisor for that employee before an employee may be offered employment.

A point system structure has been established to evaluate new hire and current employee motor vehicle records. If a potential new employee meets or exceeds seven (7) points total within the previous three (3) years or exceeds four (4) points within the previous 12 months, they are not eligible for a position that requires driving an entity vehicle.

The same point policy applies to existing employees as in the hiring process in terms of points assigned to traffic violations or motor vehicle offenses. Driver must not meet or exceed seven (7) points accumulated in a three (3) year period. Motor Vehicle Records will be obtained on all entity vehicle drivers every twelve months. Each MVR received will be reviewed in a timely manner and evaluated for compliance. A copy of all records will be maintained in the employees file along with any corrective action documentation.
