

OSHA TRAINING REQUIREMENTS

Topic	Training timespan
Emergency action plans (1910.38 and 1926.35)	Initial training and when changes occur
1,2-Dibromo-3-Chloropropane (1910.1044)	Initial training and when changes occur
1,3-Butadiene (1910.1051)	Initial training and when changes occur - at least annual refresher training
13 Carcinogens (1910.1003)	Initial training and when changes occur - at least annual refresher training
Acrylonitrile (vinyl cyanide - 1910.1045)	Initial training and when changes occur - at least annual refresher training
Arc welding and cutting (1910.254)	Initial instruction and qualified by employer
Asbestos (1910.1001 and 1926.1101)	Initial training and when changes occur - at least annual refresher training
Benzene (1910.1028)	Initial training and when changes occur - at least annual refresher training
Bloodborne pathogens (10910.1030)	Initial training and when changes occur - at least annual refresher training
Cadmium (1910.1027 and 1926.1127)	Initial training and when changes occur - at least annual refresher training
Chromium (1910.1026 and 1926.1126)	Initial training and when changes occur
Coke oven emissions (1910.1029)	Initial training and when changes occur - at least annual refresher training
Cotton Dust (1910.1043)	Initial training and when changes occur - at least annual refresher training
Electrical Safety-Related Work Practices (1910.332)	Initial training and when changes occur
Ethylene oxide (1910.1047)	Initial training and when changes occur - at least annual refresher training
Fall Protection (1926.503)	Initial training and when changes occur
Fire brigades (1910.156)	Initial training and when changes occur - at least annual refresher training
Fire brigades (1910.156)	Interior structure firefighting - quarterly
Fire prevention plans (1910.39)	Initial training and when changes occur
Fixed extinguishing systems (1910.160)	Initial training and when changes occur - at least annual refresher training
Flammable Liquids (1910.106)	Instructions are posted - initial training and when changes occur
Formaldehyde (1910.1048)	Initial training and when changes occur - at least annual refresher training
Grain handling facilities (1910.272)	Initial training and when changes occur - at least annual refresher training

Guarding of farm equipment (1928.57)	Initial training and when changes occur - at least annual refresher training
Hazard Communication (1910.1200 and 1926.59)	Initial training/when changes occur or a new chemical hazard is introduced
Hazardous Chemical in Laboratories (1910.1450)	Initial training and when changes occur
Inorganic arsenic (1910.1018)	Initial training and when changes occur - at least annual refresher
Ionizing radiation (1910.1096)	Initial training/when changes occur
Laundry machinery and operating rules (1910.264)	Initial training and when changes occur
Lead (1910.1025 and 1926.62)	Initial training and when changes occur - at least annual refresher
Lockout/Tagout (1910.147)	Initial training and when changes occur
Logging (1910.266)	Initial training and when changes occur
Mechanical power presses (1910.217)	Maintenance personnel - Initial training and when changes occur
Mechanical power presses (1910.217)	Operator training - Initial training and when changes occur - at least annual refresher training
Methylenedianiline (1910.1050 and 1926.60)	Initial training and when changes occur - at least annual refresher training
Methylene chloride (1910.1052)	Initial training/when changes occur
Occupational noise exposure (1910.95)	Annually for each employee included in the hearing conservation program.
Oxygen-fuel gas welding and cutting (1910.253)	Initial instruction and judged competent by employer
Permit required confined spaces - Rescue and emergency services (1910.146 and 1926.1211)	Initial training and when changes occur - at least annual refresher training
Permit required confined spaces (1910.146 and 1926.1210)	Initial training and when changes occur
Personal fall arrest system (Appendix C to 1910.66)	initial training and when changes occur
Personal Protective Equipment (1910.132)	Initial training and when changes occur
Portable fire extinguishers (1910.157)	Initial training and when changes occur - at least annual refresher training
Power line safety (up to 350 kV - equipment operations (1926.1408	Initial training and when changes occur
Powered industrial trucks (1910.178 and 1926.602)	Initial training and when changes occur
Powered industrial trucks (1910.178 and 1926.602)	Evaluation of performance every 3 years
Powered platforms for building maintenance (1910.66)	Initial training and when changes occur and at least every 5 years .

Process safety management of highly hazardous chemicals (1910.119 and 1926.64)	Initial training and when changes occur and at least every 3 years .
Resistance Welding (1910.255)	Initial instruction and judged competent by employer
Respiratory protection (1910.134 and 1926.103)	Initial training and when changes occur - at least annual refresher training
Roll-Over protective structures for tractors used in agriculture (1928.51)	Initial training and when changes occur - at least annual refresher training
Scaffolds (1926.454)	Initial training and when changes occur
Servicing of multi-piece and single-piece rim wheels (1910.177)	Initial training and when changes occur
Stairways and Ladders (1926.1060)	Initial training and when changes occur
Vinyl chloride (1910.1017)	Initial training and when changes occur - at least annual refresher
Work area control (1926.1424)	Initial training and when changes occur
